

Case History 72

“I now have an advantage over the competition”

Crowley's truck outfitted with the Switch-N-Go system.

Mr. Crowley with a customer.

“The Switch-N-Go™ detachable truck body system has changed my life. I am a one-man operation, running a business with one Switch-N-Go™ unit and 23 drop boxes. I rent my boxes out to contractors and homeowners.

Jobs are easier and I now have an advantage over my competition. I have a smaller truck, so with my Switch-N-Go™ system, I can go where the big trucks can't. I can go into narrower streets with more ease because of the smaller bodies and the boxes can be dropped right in my customers' driveways.

This system works great for me and believe me - I work it hard.”

M. Crowley
Satisfied Switch-N-Go™ Customer

Note: Even with the troubling economy, Crowley's Roll-Off Service has expanded! As of 2011, Crowley has three trucks with Switch-N-Go™ systems and has grown his container fleet to more than 60 Drop Bodies.

The Switch-N-Go System is versatile and has a wide variety of bodies for work trucks in the 11,000 GVW to 26,000 GVW range. Distributors are in most metropolitan areas, call 888-311-0867 or go to www.switchngo.com for more information.
