

Case History 49b Landscape Customer

“The uses are endless”

Tuesday, September 28, 2004

“Your system is the first in our area and people study it like a foreign object that has fallen from space. We simply look at it as three trucks in one. The uses are endless. We leave one body at a nursery wholesaler almost full time, fax a list of needed material up to him, run up with another body and bring the full load home. The time it has saved is almost immeasurable.”

“Thanks again!”

**Jarod Hynson
Earth, Turf, & Wood**

(Update 11/2010) Since their initial purchase in 2004, Earth, Turf & Wood has grown with the help of their Switch-N-Go. They now own three Switch-N-Go systems and multiple bodies, and are continuing to grow.
